LETTER OF APPRECIATION

I am happy to extend my appreciation to the Principal, Staff and students of Visakha Govt. Degree & PG College for the overall progress recorded in all aspects during the last five years. Consistency in good results and achievements such as receiving 'Pratibha Awards' by students for their academic excellence are few testimonials in its successful journey.

The exemplary initiatives taken up by the college such as sustainable green initiatives for environmental concern that led to Green-Audit, Entergy-Audit, and Environment-Audit certifications and five ISO certifications must be acknowledged.

I appreciate its commendable efforts in introducing market-oriented programs, skill-development courses and providing internships to enhance employability. The Institution is actively engaged in Industry-Institute Partnership through functional MoUs and linkages for knowledge exchange, and Placements of students.

I once again convey my heartfelt appreciations to the Principal for her competent leadership capabilities and the staff and students for their continuous support. I wish the institution all the very best for its future endeavours.

(P.V.G.D. PRASAD REDDY)
