## **SUMMARY REPORT**

A Certificate course on Women role in Environmental protection has been conducted by Visakha Govt. Degree College (Women) for one month i.e., from 01.11.2021 to 30.11.2021.

The objectives are of the following: -

- Women need to be equally and actively involved in processes to conserve the natural resources.
- People suffer from Environmental degradation, especially women. In rural areas they will have to travel long distances for drinking water, food, fuel and fodder because family rely on women for household chores.
- The present voluntary approach can provide women with a clear awareness to conserve environment.

A Written exam for 50marks and an internal exam for 25 marks have been conducted at the end of the course to assess the outcomes and completed the course successfully.
