

DEPARTMENT OF BOTANY
STUDENTS PROJECT REGISTER

Study Projects 2008-09.

1. Application of Plant growth regulators for Rooting of stem cuttings.
2. Ecology and Bio-diversity.

S. Padma

Visakhapatnam Govt. Degree College (W)
VISAKHAPATNAM-20

Study Projects 2009-10

1. Hot spots of Biodiversity.
2. Factors affecting Photosynthesis.

S. Padmavati

Study Projects 2010-11

1. Prolongation of Shelf life of vegetables, fruits and flowers.
2. Role of Macro and Micro nutrients on plant growth.
3. Plant diseases caused by Viruses and Bacteria.

S. Padma -

Study Projects 2011-12

1. Study project on Polyporus.
2. Economic Importance of Algae.
3. Study project on Anti-diabetic plants.
4. A project on Agro biodiversity.
5. Study project on chocolate tree
(Theobroma cocoa)
6. Study project on famous scientists and
their contribution.

S. Padmavathi

Study projects 2012-13

1. A project on life cycle of Selaginella.
2. Project on importance of vegetable plant seed collection.
3. Project on vegetative propagation of plant — ornamental and Timber yielding plants.
4. Project on conservation of Biodiversity by highlighting the 11th International conference for the conservation of Biodiversity held at Hyderabad from 01-10-2012 to 19-10-2012.

Study Projects 2013-14.

1. Study project on Seed dormancy.
2. Study project on Anti-transparent.

S. Padmaavathi

Vitsalkha Govt. Degree College (W)
VITSALKHAPATNAM-20

Study Projects 2014-15

1. A study project on Agriculture Biotechnology and transgenic plants.
— By III BSc HBC students
2. A study project on Role of Mangroves in protecting Environment
— By III BSc BBC students
3. A study project on Medicinal plants
— By II BSc BBC students
4. A study project on Biofertilizers
— By I BSc HBC students.
5. Clay models of fossilization process.
— By I BSc BBC students.

S. Paduravati

2015 - 16
Study Projects

1. Endangered plants of the world.

P. Saranya - I MBC.

M. Nagalakshmi

P. Socialakumari

N. Pavani

P. Psriyanka

S. Rohini aparna.

2. Endangered plants of India.

V. psriyanka - I MBC

N. Ravali

H. Sandhya

M. Moenika

P. Nandini

3. Indoor plants which purify air

E. So.

Ch. Swathi - I BBC

D. Renuka

Gr. Remalya

Gr. Divya

K. Krishna Veni

K. Durga Bhavani

M. Kalyani

4. Bonsai

E. Sowjanya - IMB c

K. Lavanya

K. Nookasatnam

N. Sandyaarani

V. Nagalakshmi

P. Lalithaarani

5 Plants which look like animals.

N. Lova Kumari - I BBe

P. Swathi -

R. Bhavana

S. Keerthana

T. Sharmila

Y. Lakshmi

Study Projects 2016-17

III Bsc

Agricultural Biotechnology

1. M. Indira Bala - II BBC
2. Ch. Uma - II BBC
3. K. Ramalakshmi - III BBC
4. M. Alekhya - III BBC.
5. Shivani - II BBC

Biofertilizers

1. T. Teyaswani - III MBC
2. K. Sesikala - II MBC
3. Usharani - IV MBC
4. Rupavani - III MBC

II BBC

Role of Mangroves in protecting Environment

Done by

1. D. Renuka
2. K. Durga Bhavani
3. R. Bhavana
4. P. Swathi

II MBC

Medicinal Plants

Done by.

1. Lavanya
2. P. Priyanka
3. V. Priyanka
4. P. Sarala Kumari
5. Sandhya

I BSc

Nutrition and Reproduction in Fungi

Done by.

1. Madhu Smitha.M - I BBC
2. M. Girija - I BBC
3. R. Lavany. - I BBC
4. P. Swathi - I BBC
5. B. Thansi - I BBC
6. A. Mahalakshmi - I BBC

Floriculture

Done By.

1. P. Maneesha - I MBC
2. S. Sai Sowmya - I MBC
3. G. Lavanya - I MBC

4.

Visakhapatnam-530 020

Student Study Projects - 2017-18

I BSc - MBC

Student Study Project on Mushroom cultivation

II BSc - BBC

Student Study Project on Tissue culture
Procedure and various types

III BSc - MBC

Project on Applications of Biotechnology

III BSc - BBC

Project on Applications of Tissue culture

II BSc - MBC

student study project on Economic Importance
of Dicot families (Prescribed in the syllabus).

II BSc - BBC

student study project on Economic Importance
of Monocot families (Prescribed in the syllabus)

S. Padma avale

Visakha Govt. Degree College (W)
VISAKHAPATNAM-20

I BSc - MBC

Study project on Economic Importance of Algae

I BSc - BBC

Study project on Economic Importance of Fungi

S. Paduravall

Study Projects - 2018-19

III BSc - MBC

Study project on conservation of Biodiversity

III BSc - BBC

Study project on Agrobiodiversity.

III BSc - MBC

Study project on Medicinal plants

III BSc - BBC

Study project on solid and Liquid waste Management.

S. Padmavathi

Pl - 2100 - 2101 - 2102

i Bsc - MBC

study project on Herbarium

ii Bsc - BBC

study project on polyembryony

S. Paduravale -

Visakh Govt. Degree College (W)
VISAKHAPATNAM-20

IBSC - MBC

study project on Lichens

IBSC - BBC

study project on Economic Importance of Bacteria.

S. Padmavathi

Visakh Govt. Degree College
VISAKHAPATNAM-20

Study project - 2019-20

iii BSc - MBC

Study project on Techniques used in Biotechnology.

ii BSc - BBC

Study project on Applications of Tissue culture.

ii BSc - MBC

study project on Mineral Nutrition

ii BSc - DBC

study project on Enzymes.

I BSc - M BSc.

Study project on Economic Importance of
Gymnosperms.

I BSc - B BSc

Study project on ornamental Ficus.

S. Padma vale

Visakhapatnam Govt. Degree College (W)
