KEY POINTS OF SEMINAR

SOCIAL REFORMER DN SRIVASTAVA THE KEYNOTE SPEAKER VISIONARY WOMEN WOMEN TODAY- GROUND REALITY & EMPOWERMENT

Dear Sir(s) / Ma'am(s),

It gives me immense Pleasure to share with you that we, at Tejasvi Astitva Foundation – [a Non-Governmental Organization], Delhi are committed to protect & preserve the Art, Culture, cuisine, Ethics, Moral values of this lovely country Bharat besides protecting each & every rights of each & every citizen from all angles but strictly within the framework of the Constitution of India.

Women Empower in India is a serious issue that needs to be addressed with immense importance. For the past many many years there have been debates, discussions, campaigns, rallies and demonstration at various places and forums in India, but hardly anything can be seen changing on the ground.

One one hand our Government is launching innumerable programs to empower every single women in this Nation but on the other hand almost everyday we hear of some or the other atrocity of torturous nature women. We are also aware that many of the victims are cying for help from the Police but in most cases they remain deprived of it. We have loud campaigns in India to Curb

1. Dowry system in marriages
 2. Harrasment and Atrocity on women
 3. Domestic Violence on women
 4. Sexual Harrassment at work place
 5. Rape & Killing etc
- What could be the reason behind all these?

Could it be the Psychological imbalance of a person? Or
Could it be the orthodox thoughts prevailing within the person? Or
Could this be the male dominance over a woman?

The root cause needs to be analysed in order to end violence and atrocity of all sorts on the women.

In my opinion, women signifies the Goddess [DEVI]. In India the women are worshipeda s Goddesses. A female child is coonsidered to be the incarnation of Devi Durga - a girl is married and brought home in the form of Goddess Lakshmi. A man goes from temple to temple to pay respect and worship The Goddess there. Even Parvati - wife of Lord Shiva is said be be His strength & power. If we agree to these - where is the need to empower the already Power-packed woman?

Need of the hour is to think rationally. Is there a need to empower a women. Just give them Freedom to work, Freedom to be educated, Opportunity to Develop, and a free hand to Fly - They know how to and They can Fly and reach the sky.

Remedial Measures – What? To be continued & discussed in seminar. Thanking you in anticipation of a large participation.

See you at the Seminar 2019 VISHAKHAPATNAM
